DEUTSCHE ZENTREN DER
GESUNDHEITSFORSCHUNG

Dr. Katharina Scherschel is biologist by training. After a PhD and postdoctoral studies, she is now since 2020 coordinator for clinical and translational research on arrhythmias at the Division of Cardiology at the Evangelisches Krankenhaus Düsseldorf. She also leads a junior research group at the Institute of Neural and Sensory Physiology at the Heinrich Heine University Düsseldorf.

Dr. Maria Julia Scerbo is a chemist by training. After her PhD at the university in Cordoba she completed several postdoc stays at the university of Madrid, Strasbourg as well as at Helmholtz Munich. Since 2022 she is working in the field of clinical trial management. Her current position is clinical operations manager at Heads – a CRO specialized in hemato-oncology.
