Dr. Silke Oehrlein-Karpi has been working as a coach and a trainer for scientists since 2008. Before becoming a coach, she led a project group for the Collaborative Research Centre 490 in Mainz. During those 10 years she worked as a biologist in the field of medical basic research and gained a lot of experience in setting up and successfully leading scientific projects. In terms of her current work, she uses her "insider knowledge" from her time in academia combined with her resource-oriented and diversity-related coaching perspective on individuals. She is a member of the Coachingnetz Wissenschaft e.V. Her coaching events inspire, motivate and empower the participants in order to improve their self-efficacy regarding upcoming work situations and projects.
